

A partner you may rely on.

Speed up & well control Inventory visibility

If you felt the Traditional Terminal scanner is a bit **bulky** , **heavy** and **not easy** **for holding** while working. And with a high price.

This is a definitely a good option for you.

All-in-One **Wearable Pocket Barcode Scanner** - Support 3 kind applications.

- **Wearable pocket-** for working in a warehouse.
- **Pocket** barcode scanner- for data collection in retail.
- **Dongle set option** – work with PC.
- **Multi-language UI** in English, German, French, Spanish, and Japanese.
- With the **appropriate App** and mobile device, GODASCAN can **become a simple Data collector**.

Not only **improve the efficiency**. But it can also **reduce the investment costs**.
